

A romantic scene of a couple's feet on a hammock by a lake. The hammock is strung between two wooden posts, and the couple's feet are visible, with one hand resting on the other's foot. The background shows a calm lake and a wooden building, possibly a cabin or part of a resort, under a clear sky.

The top ten places in the world to say "I do"

Banyan Tree Phuket

Thailand

Thailand always makes the top-five list of favourite wedding destinations at leading tour operator Kuoni.

Particularly popular are the islands, such as Samui, Phuket and Phi Phi, where the idyllic beaches, stunning scenery and cool nightlife make for an intoxicating mix. **Banyan Tree Phuket's** glass-walled wedding chapel (www.lagunaphuket.com/weddings) built on stilts over a tranquil lagoon is a popular choice.
